4:27 PM alison Have you heard from Dawn since posting the story?

4:07 PM sonya Ha ha-- you mean the recording of it last week? Thankfully not. 😊 But I have a feeling that this shit isn't over, as hard as I tried to land that plane peacefully. I will have to give you the full scoop!!

4:08 PM alison Yes please! The story is SO GOOD

4:08 PM sonya Yeah, Dawn just continues to fascinate me. FASCINATE ME. If that story is ever published, she is totally going to murder me!!

4:10 PM alison Whatever, we'll all ice her out if she tries to mess with you

What if you published a short story collection

Revolving entirely

around Dawn

4:12 PM sonya Dude-- I could write pages and pages more about Dawn. Or at least about this particular narcissistic dynamic, especially as it relates to race. The woman is a goldmine!!

4:13 PM alison She really is. I live in fear of falling on her side of the line of the "white woman engages with race" fence

It all comes off as so self-promoting

4:13 PM sonya That will never ever happen to you, because you are actually self-aware!!!

4:15 PM alison I hope that is true but I will remain on my guard.
